Company Profile

In 2024, PT Kaya Lautan Permata (Kaya) obtained an APERD (Agen Penjual Efek Reksa Dana) license from the Otoritas Jasa Keuangan (OJK), marking a significant milestone in our commitment to regulatory excellence and investor protection.

As a leader in AI-based asset allocation advisory, Kaya leverages advanced algorithms and real-time data to deliver intelligent, personalized investment strategies. Our platform simplifies and optimizes investing, aligning portfolios with each investor's financial goals, risk profile, and market conditions.

Investment Objectives:

Kaya's investment strategy aims to generate absolute returns by strategically investing in bonds and term deposits.

Kaya's Conservative Short Portfolio is designed to deliver stable and consistent returns with a strong emphasis on capital preservation and liquidity. The strategy prioritizes a higher allocation to money market assets and a more conservative exposure to bonds. Through disciplined and tactical asset allocation, the portfolio aims to minimize volatility and downside risk while ensuring sufficient liquidity to meet client needs, making it suitable for investors with a more risk-averse profile.
